

# ANTI-CYNOMOLGUS MONKEY CCL4

## Polyclonal Antibody

|                               |                                                                                                                                                                                           |
|-------------------------------|-------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Description:</b>           | Anti-cynomolgus monkey CCL4 polyclonal antibody                                                                                                                                           |
| <b>Catalog Number:</b>        | KP1690Y-100                                                                                                                                                                               |
| <b>Lot Number:</b>            | LT4043KT                                                                                                                                                                                  |
| <b>Quantity:</b>              | 100 µg                                                                                                                                                                                    |
| <b>Concentration:</b>         | 1.0 mg/mL                                                                                                                                                                                 |
| <b>Volume:</b>                | 100 µL                                                                                                                                                                                    |
| <b>Host:</b>                  | Rabbit                                                                                                                                                                                    |
| <b>Alias:</b>                 | MIP-1β                                                                                                                                                                                    |
| <b>Purification:</b>          | Cynomolgus monkey CCL4 affinity chromatography                                                                                                                                            |
| <b>Immunogen:</b>             | Recombinant cynomolgus monkey CCL4                                                                                                                                                        |
| <b>Molecular Weight:</b>      | 7.8 kDa (calculated) for cynomolgus monkey CCL4                                                                                                                                           |
| <b>Formulation:</b>           | 1X PBS buffer containing 0.09% NaN <sub>3</sub>                                                                                                                                           |
| <b>Stability and Storage:</b> | Stable for up to twelve months from date of receipt at 2-8°C.                                                                                                                             |
| <b>Country of Origin:</b>     | USA                                                                                                                                                                                       |
| <b>Applications:</b>          | <b>Western blot</b> - 0.1-2 µg/mL<br><b>ELISA</b> - 0.5-5 µg/mL<br>The recommended concentrations are approximate values.<br>Optimal dilutions should be determined for each application. |

### Reagent

Capture Antibody  
Standard Protein  
Detection Antibody  
SA-HRP  
TMB

### Information

2.5 µg/mL for 12-24 hours  
1 hour incubation  
0.2 µg/mL for 1 hour  
Use as recommended.  
25 minute incubation

### Catalog Number

KP1690Y-100  
RP1328Y-005  
KPB1691Y-050  
AR0068-001  
AR0133-002

# ANTI-CYNOMOLGUS MONKEY CCL4

## Polyclonal Antibody

|                                     |                                  |          |
|-------------------------------------|----------------------------------|----------|
| <b>Cross-reactivity:</b><br>(ELISA) | Recombinant Atlantic salmon CCL4 | None     |
|                                     | Recombinant bovine CCL4          | Moderate |
|                                     | Recombinant canine CCL4          | Moderate |
|                                     | Recombinant chicken CCL4         | None     |
|                                     | Recombinant dolphin CCL4         | None     |
|                                     | Recombinant equine CCL4          | Weak     |
|                                     | Recombinant human CCL4           | Strong   |
|                                     | Recombinant mouse CCL4           | None     |
|                                     | Recombinant ovine CCL4           | None     |
|                                     | Recombinant rabbit CCL4          | None     |
|                                     | Recombinant rat CCL4             | None     |
|                                     | Recombinant swine CCL4           | Weak     |
|                                     | Recombinant turkey CCL4          | None     |

**Warranty:** Products are warranted by Kingfisher Biotech, Inc. to meet stated product specifications and to conform to label descriptions when used, handled and stored according to instructions. Unless otherwise stated, this warranty is limited to one year from date of sale or expiry date, whichever comes first. Kingfisher Biotech's sole liability for the product is limited to replacement of the product or refund of the purchase price. Kingfisher Biotech products are supplied for research applications. They are not intended for medicinal, diagnostic or therapeutic use. The products may not be resold, modified for resale or used to manufacture commercial products without prior written approval from Kingfisher Biotech, Inc.
